All – I wanted to make sure we were on the same page for the R10 all hands TPs that are needed for next week...I attached the R4 set of TPs from recently, maybe we can just refurbish them for r10?

Who's the right person to contact in the Region to help? Thanks in advance for your assistance!

Hi folks,

I know we are still working on locking down the morning details for the Administrator's travel to Seattle next Thursday. However, as she leaves for travel for the week on Wednesday AM we will need all briefing materials to our team by TUESDAY at 3PM EDT to briefings@epa.gov, cc'ing myself and Arian.

Below I have included a list of what briefing materials we will need for the Administrator as well as what program office/staff we will expect to receive materials from. Please reply to let us know if we should not be expecting materials for a particular meeting/event.

Please let me know if you have any questions/concerns.

Thanks so much and have a wonderful weekend!

Best,
Kate
